

Mission Statement

JOHN G GIANNIOS JR
MICROSOFT CEO

New Mission Statement

My mission is to achieve my ultimate dream of Microsoft CEO with a GPA of 3.75 or higher with a website and development degree from Full Sail University. I will accomplish this mission achieving mini goals going through my educational path and to live each day with determination and diligence. My determination will push me to attend classes, lectures, assignments before due dates to prepare myself to be ahead of the game. I will also will engage in external activities to broaden my knowledge from the real world. My diligence will show that hard work both in my educational path and my job at any current time will not stop me from my mission. When I run into any obstacles I will create a way around them. With this new determination and diligence, it will be the foundation to my ongoing mission to not only being the best in the website design and development but beginning to a new journey in my career as CEO of Microsoft with a 3.75 GPA or higher and to succeed in my industry.

Original Mission Statement

I have created a plan to achieve my greatest goal of Microsoft CEO with a degree in Website Design and Development Bachelors degree from Full Sail University. I will accomplish this dream by remembering my mission statement and achieving mini goals through my educational path and to live each day with determination and due diligence. My determination will push me to new heights by attending/doing all class lectures, assignments before the due date is up. I will plan my week by completing a burn list for the following week. I will engage in external activities such as programing on my own time to broaden my personal experience that will help me in my future classes. When I run into any obstacles, I will create a pathway around them so that I can continue my journey. My determination and diligence is the foundation to my on going mission to not only be the best in the field of Website Design and Development industry and will lead me to the my dream career working at Microsoft as CEO while creating some awesome history at Microsoft.
